

I'm writing to you to complain about the unethical actions of Sinclair Broadcasting. This company is abusing their license to use the publically owned television airwaves. These airwaves belong to we The People, and Sinclair Broadcasting has been granted a license to use them in fair, just ways. They have not been granted permission to use our public airways to further their own political agenda.

That is exactly what Sinclair Broadcasting is planning on doing, though. They have decided to abuse their authorization to use their 62 television channels in a brazen attempt to be king-makers. They have ordered all 62 of their local television channels to pre-empt their regular broadcasts in the weeks leading up to the November 2nd Presidential election to air a blatantly right-wing, factually questionable movie called "Stolen Honor: Wounds That Never Heal." This movie - billed both as a "documentary" and as "news" - is nothing more than a right-wing propaganda piece specifically produced to smear John Kerry, the Democratic candidate for President.

Our television airwaves are NOT to be used in this blatantly politically biased manner. This is an abuse of power on the part of Sinclair Broadcasting. I demand that the FCC step in and order Sinclair Broadcasting to reverse their direction to their 62 stations, and to shelve plans to air this right-wing propaganda film before the upcoming Presidential election. In addition, I ask that you seriously review Sinclair's broadcasting license. This is not the first time this year alone that this entity has demonstrated an outrageous political bias which calls into question their journalistic ethics. We The People can do better than this. Your organization, whose job it is to protect our interests, should see to it that we do!

I look forward to hearing back from you in this regard. Thank you.
